

# ACE Mentor Program of Cleveland 2018 – 2020 Strategic Plan

---

## Strategic Planning Assumptions

---

### Looking Back

- During the first ten years, the ACE Mentor Program of Cleveland (ACE Cleveland) board, staff, and volunteers have focused on growing the number schools where mentoring takes place, and expanding beyond mentoring to offer college scholarships, and to arrange internships for high school and college students. Offering college scholarships and arranging internships differentiate us from the majority of ACE Mentor affiliates. This strategic plan addresses our continued growth, and the balance of focus on our three program services – mentoring, scholarships, and internships.
- Keys to early successes at ACE Cleveland include the commitment of Courtney Behm and Tom Laird, Gilbane; Eric Gordon, Superintendent, CMSD; and University Hospitals.
- Adding administrative leadership and support from the Construction Employers Association (CEA) also contributed to ACE Cleveland’s success.

### Programming

- Currently, ACE Mentor Program of Cleveland offers nine mentoring programs in eight local schools. It has been the goal to expand by one CMSD school per year.
- Before expanding the mentoring program, ACE Cleveland can benefit from documenting and sharing best practices and related tools to promote and evaluate the success of existing programs. A process to assess the readiness of prospective schools is needed, too.
- Providing a standard core curriculum for all mentoring teams likely will reduce stress on individual teams, and contribute to mentor retention.
- Quality control of our programs is of the utmost importance as we grow. High quality programs sell themselves in terms of expanding into other schools, finding additional mentors, and garnering community support.
- One potential area for program growth is in funding and offering scholarships for students who choose to go into trade apprenticeships. The scholarships might cover apprenticeship fees and the cost of tools.

### Organization

- We have begun to formalize board policies and processes. Board succession planning and processes are a high priority, as is increasing the diversity of background, knowledge, and skills of board members and committee volunteers.
- ACE operates with a small and efficient staff because of an operating model that relies heavily on volunteers. We need to retain current volunteers, and expand the variety and number of volunteers to continue to grow our programs. We want to prevent mentor burnout, especially among lead mentors. Having realistic goals for volunteers is important.
- CEA hours dedicated to administrative leadership and support for the ACE Mentor Program of Cleveland currently exceed the agreed upon ten hours per week. It is important to identify who will be responsible for executing each strategy contained in this plan.

### Fundraising

- Fundraising is critical, especially for our scholarship program. The UH grant expires in 2018, and we must determine if that grant can be renewed. Expanding to other sources of funds is important, too.
- Separating the year-end mentoring event from an annual fundraising event may be necessary to accommodate growth and increase fundraising.

### Measuring Outcomes and Success

- Compared with other ACE affiliates in mid-sized cities, ACE Cleveland has accomplished a lot! Noteworthy accomplishments include the size of the scholarship pool we administer, and the relationship with College Now.
- Tracking and reporting more detail about student outcomes will enable us to make more compelling statements about ACE Cleveland, which in turn, will help us with board and mentor recruiting and fundraising.

### Mission

---

Our mission is to engage, excite and enlighten high school students to pursue careers in architecture, engineering, and construction through mentoring and to support their continued advancement in the industry. One critical aspect of achieving this goal is to appeal to, and mentor, minority and female students.

## Strategic Goals, Strategies and Potential Measures for 2018 – 2020

| <b>STRATEGIC GOAL 1 – PROGRAM GROWTH:</b><br>Achieve realistic and consistent growth in our programs.   |              |   |  |
|---|--------------|---|--|
| Strategies  | ACTION STEPS | Who is Responsible  | Potential Key Measures<br><i>(May Not Link to a Single Strategy)</i>   |
| 1.1A. Cultivate best practices and a related dashboard to promote and assess high quality mentor programming at each participating school. Share best practices among teams. Consider: <ul style="list-style-type: none"> <li>▫ Level of student need in each school (higher need = higher effort)</li> <li>▫ Engagement/retention of participating students</li> <li>▫ Level of support from the teacher</li> <li>▫ Quality of the student experience</li> <li>▫ Use qualitative and quantitative dashboard measures</li> </ul>                            |              | <ul style="list-style-type: none"> <li>▫ Rich Iafelice</li> <li>▫ Lisa Baskin</li> </ul>  | <p><b>One-Time Measures</b></p> <ul style="list-style-type: none"> <li>▫ Best practice database created and shared</li> <li>▫ Mentor program dashboard developed and implemented</li> <li>▫ New site checklist developed and implemented</li> <li>▫ First-year pilot program documented</li> <li>▫ Lead mentor and teacher transition process created and implemented</li> </ul> <p><b>Annual Measures</b></p> <ul style="list-style-type: none"> <li>▫ # participating schools</li> <li>▫ # participating firms</li> <li>▫ # participating mentors</li> <li>▫ Mentoring site evaluations</li> <li>▫ # scholarships awarded (20+)</li> <li>▫ % ACE graduates who participate in a related co-op or internship</li> <li>▫ % ACE graduates pursuing related advanced study (college/apprenticeship)</li> <li>▫ % ACE graduates employed in a related field</li> <li>▫ % ACE graduates who stay in Cleveland</li> </ul> |
| 1.2A. Develop a checklist to set expectations and assess readiness of a school that wants to implement and maintain an ACE Mentor Program. Use formalized criteria to determine and balance scholarship ratio.  |              | <ul style="list-style-type: none"> <li>▫ Monica Bruaw</li> <li>▫ Lisa Baskin</li> <li>▫ (Katrina Meyers, CMSD)</li> </ul>       |  |
| 1.3A. Formalize (document existing practices of) the first-year, 5-6 session, pilot process for schools new to the mentoring program. During the pilot arrange for teacher and principal visits to an existing successful program.  |              | <ul style="list-style-type: none"> <li>▫ Tari Rivera</li> </ul>   |  |
| 1.4A. Develop criteria to assess capacity for program growth. Consider the availability of mentors and lead mentors.  |              | <ul style="list-style-type: none"> <li>▫ Paul Lockhart</li> <li>▫ Orlando Taylor</li> </ul>                                     |  |
| 1.5.B. Refine mentoring curriculum/support to address stakeholder needs, such as: <ul style="list-style-type: none"> <li>▫ Standardized core to address National’s learning objectives, with Ohio Department of Education &amp; CMSD</li> <li>▫ Augment National’s existing training</li> <li>▫ Better mentor preparation (e.g., introduce mentors to needs/frames of reference of the students)</li> <li>▫ Diversity training and awareness</li> <li>▫ Student engagement (e.g., high energy presentations, hands-on work, and /or field trips)</li> </ul> |              | <ul style="list-style-type: none"> <li>▫ Jud Kline</li> <li>▫ (Katrina Meyers, CMSD)</li> </ul>                                 |  |
| 1.6B. Develop a process for lead mentor or teacher transitions. Identify and prepare future lead mentors and teachers, to assume lead/teacher roles.  |              | <ul style="list-style-type: none"> <li>▫ Rich Iafelice</li> <li>▫ (Katrina Meyers, CMSD)</li> </ul>                             |  |
| 1.7B. Increase the number of qualified students who apply for scholarships each year. Collaborate with the school guidance counselors to communicate about scholarships (CMSD can conduct pre-screening to qualify candidates). Support students going into the Trades/Tri C Workforce programs. Review results and provide guidelines for amount and number of scholarships  |              | <ul style="list-style-type: none"> <li>▫ Kristen Zeiber</li> <li>▫ Courtney Behm</li> <li>▫ (Anthony Bataglia, CMSD)</li> </ul> |  |
| 1.8B. Develop and define ACE Career Pathways program goals and roles <ul style="list-style-type: none"> <li>▫ Differentiate between HS shadowing and paid college internship programs</li> <li>▫ Identify related partners, policies and processes (e.g., College Now &amp; Cleveland Leadership winter intern fairs and NOCHE Internship program)</li> <li>▫ Form an alumni and Linked In group</li> <li>▫ Identify additional professional associations for new members</li> </ul>  |              | <ul style="list-style-type: none"> <li>▫ Jack Baumann</li> <li>▫ Alethea Ganaway</li> </ul>                                     |  |
| 1.9C. Incorporate “Trades” into the Career Pathways. Consider collaborations with JATC’s, Tri-C, Max Hayes, area Career Tech/Vocational Trade programs and summer camps.  |              | <ul style="list-style-type: none"> <li>▫ Terry Joyce</li> <li>▫ Cynthia Leitson</li> <li>▫ Joe Di Geronimo</li> </ul>           |  |
| 1.10C. Continue to foster and strengthen connections between students, college partners and civic partners. adding more college partners (e.g., BGSU, U of Toledo) <ul style="list-style-type: none"> <li>▫ Seek opportunities for ACE students to present at college and other events, as well as engage parents</li> </ul>  |              | <ul style="list-style-type: none"> <li>▫ Diane Burrowbridge</li> </ul>  |  |
