

NAPKIN SKETCH DESIGN CHALLENGE

SKETCH YOUR FAVORITE BUILDING!

Grab your favorite sketching pen or pencil and a paper napkin – the kind you use at the dinner table. If you do not have one of those, a paper towel folded or cut into a square or folded piece of paper is fine too.

1. FIND INSPIRATION...

Take a look at the attached photos of iconic architecture. Select which one moves you or inspires you the most. Try to limit it to no more than 3 minutes and sketch the essence of that building on your napkin. You don't have to be exacting...try looking away and doodle what is imprinted in your mind about shapes, movement, proportion, anything that stood out to you that makes it special. If you have a favorite building, sketch that instead!

2. SKETCH OR DOODLE

Sketch or doodle a building or environment completely from your own imagination!

3. SHARE YOUR SKETCH

Post sketches online on your favorite social platform or email us at atHome@acementor.org
