

## ACE Virtual Series

### FALL PLANNING

8.13.20

### Q&A Report:

| Questions   | Answers  |
|---|--|
| I'm assumed this has been recorded ? I joined late !  | yes - all sessions will be recorded  |
| How are the students selected for a 'small group' session vs. all students with a 'large group' session OR are there multiple small group sessions on the small group session dates?  | Small groups are based on the same criteria as in-person sessions. Students need to attend both their small group and all large group sessions.  |
| Is there a go-to-list of free student programs, such as AutoCADs, or Blue-Beam / Adobe etc. Helpful in reducing the printing at home for the activities.  | There is a section in the student resources.<br><a href="https://acementortools.org/students/#resources">https://acementortools.org/students/#resources</a>  |
| Is there a minimum # of contact hours for students per year to be considered active/inactive?, Also considering shorter 1hr sessions, assuming roughly 30 sessions per year?  | 15 sessions / 30 hours is what ACE has traditionally said. We think that with the virtual curriculums it will turn out to be about the same.   |
| Is there any "best practice" guidance on individual vs. group projects? We usually do group projects with 4-7 students and 2-3 mentors, but that seems very challenging virtually.  | We hope to develop Best Practices for both individual and group projects.  |
| What was the anticipated size for a large group?<br>Students and mentors.   | We are anticipating under 100 students . Important to note here is that once you go above the 100 student mark you will most likely have to pay for the next tier(Paid) on your virtual platform   |
| Is there anyone that has paid staff for other affiliates that would have the availability to work on curriculum for other affiliates for a fee?   | We can definitely put out a message to see if other paid staff are available.  |
| We are adding a new component of monthly panels (approx. 4-5 total) in conjunction with the National Association of Minority Architects, Boston chapter. If NOMA will do 5 panels for us, should they undergo the ACE background check? | We are checking with insurance on this and will update when we receive a response.   |
| Hi Tzu, is this ACE RDU curriculum spreadsheet in the Virtual Curriculum index?   | The Virtual Curriculum Samples are at the bottom of:<br><a href="http://acementortools.org/virtual/curriculum/">http://acementortools.org/virtual/curriculum/</a>  |
| Are affiliates changing the size of their small group/team sizes for virtual meetings?  | Some affiliates are changing up their team sizes.  |
| For the office hours would two mentors have to be on the office hours?  | yes  |
| Pull up Spotify :) I play music for all the ACE students as they come in for their session  | Thank You for this suggestion!   |
| Are videos and recordings available on YouTube?   | Yes all the videos on ACE @home are linked from the ACE Mentor Program of America Official YouTube Channel.<br><a href="https://www.youtube.com/channel/UCYr98z3VDy0sOijKuSMOWkg">https://www.youtube.com/channel/UCYr98z3VDy0sOijKuSMOWkg</a> |

|--|---|
| How do we handle virtual sign ins? ACE Orlando has been using QR Codes with much success   | QR codes are a great idea. Students report that they like getting involved. Ask one of them take attendance. Attendance can also be recorded in the database. |
| Yes, I saw earlier there was a method to have the students sign in virtually. I was curious how this process was taken virtually                     | You can always use the attendance feature within the team area of the ACE database  |
| Do the one on one sessions need to be recorded especially if only one mentor is available with the student   | They do not need to be recorded but they can be if the mentor would like to.  |
| GNY is prerecording overviews (slideshows with voiceovers) for six disciplines and will be available for all affiliates to use if they would like... | Thank you for sharing NYC!  |
| Is the Philadelphia affiliate doing a design project?  | No project. Maybe some smaller projects at home.  |
