Mentor Training

- Integrated with the database registration process and is required for all volunteers (mentors, guest presenters, and board members) and affiliate staff.

- Mentors are given guidance on responding to difficult questions from students.

- Mentors are provided with an abbreviated version of the Youth Protection Policy (shown on next 3 slides).

- All ACE volunteers are considered “mandated reporters of child abuse”. They must report any good-faith suspicion or belief that a student is a victim of abuse, bullying or neglect, or is a danger to themselves or others.

**Youth Protection Policy**

The safety and security of students are of utmost importance for ACE. It is the policy of ACE National that ALL adult volunteers participating in ACE are considered “mandated reporters of child abuse.”

This means they must report any good-faith suspicion or belief that any child is or has been *physically or sexually abused, physically or emotionally neglected or exposed to any form of violence or threat.*

If a student discloses or a mentor suspects that a student is a victim of abuse, bullying or neglect, or is a danger to themselves or others, the mentor MUST:

- Report this concern to your affiliate leader and work with your affiliate leader to inform your ACE Regional Director immediately.

- Together with the affiliate leader, ensure that the concern is reported promptly to the student's school or guidance counselor, the on-site teacher or school champion.

- Many states have laws requiring mentors to report such concerns, so it is essential that you take action both to protect the student and comply with relevant law – your affiliate leader (affiliate mentor liaison) is receiving specialized training (Affiliate Mentor Liaison Policy Handbook) and will be familiar with the requirements in your state.

- Your affiliate leadership and the Regional Directors from ACE National have a more detailed Policy Handbook regarding actions that should be taken when challenging situations arise.

- These individuals are part of your support system and should be contacted whenever a situation arises that is outside the norm or of concern.

**Do not feel that you must "go it alone"**
Affiliate Mentor Liaison

- Every affiliate must select an **affiliate mentor liaison** who is required to complete the annual training through ACE National based on this **Affiliate Mentor Liaison Policy Handbook**.

- Copies of the **Affiliate Mentor Liaison Policy Handbook** can be found on the **ACE Mentor Tools** website (www.acementortools.org) and may be shared with team leaders as deemed appropriate by affiliate leadership and the **affiliate mentor liaison**.

- No handbook can comprehensively describe all the dynamics or situations that mentors may encounter as they work with students. If you encounter an issue not addressed in this handbook and need additional support, please contact your ACE Regional Director.

Affiliate Mentor Liaison

The **affiliate mentor liaison** has several responsibilities, including:

- Ensure that all mentors and team leaders in the affiliate are aware that they must report to the **affiliate mentor liaison** any incident of suspected child abuse or any incident involving ACE students and/or mentors that puts their health, safety, and welfare at risk.

- Complete and submit to ACE National any reports of suspected child abuse or any incident involving ACE students and/or mentors that puts their health, safety, and welfare at risk. The report to ACE National must be made using the **Incident Report Form**.
Affiliate Mentor Liaison

The affiliate mentor liaison has several responsibilities, including:

- Work with the affiliate’s legal counsel to familiarize themselves with their state’s requirements for mandatory reporting of suspected child abuse and ensure any suspected cases of child abuse are reported to local law enforcement, and any other matters as required by state or relevant laws or regulations.

- Maintain an accurate list of school contacts for each school involved with your affiliate. Use the School Contacts Form.
Youth Protection Policy

The safety and security of students are of utmost importance for ACE. It is the policy of ACE National that ALL adult volunteers participating in ACE are considered “mandated reporters of child abuse.” This means they must report any good-faith suspicion or belief that any child is or has been physically or sexually abused, physically or emotionally neglected or exposed to any form of violence or threat.
Steps to Reporting Suspected Child Abuse

1. Ensure the child is in a safe environment.
2. In cases of medical emergencies and/or imminent harm, call 911 immediately.
3. Together with the *affiliate mentor liaison*, complete the Incident Report Form and submit it to your ACE Regional Director immediately; within 12 hours of observing the suspected abuse.
4. After contacting your ACE Regional Director, contact the local law enforcement and child protective services within 12 hours of observing the suspected abuse. State law may require additional reporting.**
5. Notify the school contact of the suspected abuse within 24 hours of observing the suspected abuse.
Youth Protection Policy

** All states, the District of Columbia and Puerto Rico have statutes identifying persons who are required to report suspected child maltreatment to an appropriate agency, such as child protective services, a law enforcement agency or a child abuse reporting hotline. Each affiliate is responsible for complying with their state requirements and must review them with the assistance of their legal counsel. If a discrepancy is observed between state law requirements and ACE’s Youth Protection Policy, please notify your Regional Director immediately.

Please [click here](#) to link to state-specific policies on mandatory reporting laws.
You need only have a reasonable suspicion that a youth under 18 has been maltreated. No evidence or proof is required to make a report. Law enforcement and/or child welfare services will take over the investigation.

If you have any questions or concerns regarding how to handle such a matter, please promptly contact your Regional Director, in turn, legal counsel will be sought as applicable.
Types of Abuse and Neglect

- **Physical Injury** – any physical injury, not necessarily visible under circumstances that indicate that the health or welfare of the child is harmed or at substantial risk of being harmed.

- **Mental Injury** – the observable, identifiable, and substantial impairment of a child’s mental or psychological ability to function.

- **Sexual Abuse** – any acts involving sexual molestation or exploitation, whether physical injuries are sustained or not.

- **Neglect** – the intentional failure to provide necessary assistance and resources for the physical needs or mental health of a minor that creates a substantial risk of harm to the minor's physical health or a substantial risk of mental injury to the minor.
  - *Neglect does not include the failure to provide necessary assistance and resources for the physical needs or mental health of a minor when the failure is due solely to the lack of financial resources or homelessness.*

**Note: types of abuse and neglect are not included in the Affiliate Mentor Liaison Policy Handbook, and have been included in this training for reference. They are guidance derived from the Maryland Mandated Reporter Training and Maryland Montgomery County Public Schools Child Abuse Training for Volunteers.*

Student Expectation Policy

The ACE Mentor Program is committed to providing a caring, friendly and safe environment for all students. The program expects all students admitted into the program to conduct themselves in a professional manner always and to refrain from any interaction that could be interpreted as inappropriate, such as actions of a sexual nature, verbal or physical conduct of an inappropriate nature or bullying. ACE’s expectations of students are clearly spelled out in the Expectations of ACE Students section of the Parent/Guardian/Student Consent Form located in the Appendix.
Student Expectation Policy

All adult volunteers involved with ACE must report serious violations of the Student Expectation Policy that occur during ACE sessions or events.

Apart from suspected child abuse, for which the reporting requirements are listed in the Youth Protection Policy section above, any incident involving ACE students and/or mentors that puts their health, safety, and welfare at risk must be reported to your Regional Director.

Minor infractions of the Student Expectation Policy must be evaluated by the affiliate mentor liaison with the team leader and/or mentor. At the discretion of the affiliate mentor liaison and the team leader, minor infractions may warrant a warning to the student and are not required to be reported. Refer to the Disciplinary Issues section in the Handbook.
Steps to Reporting Serious Violations of Student Expectations

1. Ensure the child is in a safe environment.

2. In cases of medical emergencies and/or imminent harm, call 911 immediately.

3. Together with the *affiliate mentor liaison*, complete the Incident Report Form and submit it to your Regional Director within 12 hours of observing the violation.

4. Notify the parent/guardian within 12 hours of observing the violation.
