Questions		Answers	
What are some of the virtual internship tasks that are being discussed for summer 2021?	Not sure just yet. We will research and share what we find out. We welcome any ideas, suggestions, and comments.		
Chicago....of the 48 placements were all of them thru existing teams leaders back to their host companies...?	Some are. Some are new firms. Recruitment is done at the Luncheon. Companies that want to get involved are asked to provide an internship. It's a great way to recruit new firms and students.		
How much staff time does the internship program on that scale take?	It depends on how many interns and how many companies. It does take quite a bit of time to organize.		
So, mentors and students will both automatically have accounts to acementortools.org? or will it require a separate signup?	They won't need a separate signup. It will be similar to how the 'Behind the Scenes' used to be password protected. It will be accessed through the database.		
Can NY comment on how many students have come to these alumni events? (I'm wondering if a smaller affiliate can get the same kind of attendance/response)	About 50 students show up to the networking events. More show up for virtual. Yes, smaller affiliates have had alumni events and they have been successful.		
Is there way to find out if any of our students attend the ACE national events?	We can send the registration lists to you.		
Is this alumni program only in New York?	This is presented by the NY affiliate to share what they are doing with their alumni. We hope that it helps with alumni outreach in all affiliates.		
Is there a way to find out if there is a local alumni group?	Start in the ACE database. Encourage your seniors to register as alumni.
