

HIGH SCHOOL SUMMER WORKPLACE EXPERIENCE

Worried about the future workforce?

Host an ACE mentee for a Summer Experience and start your recruiting early.

Who

High School students entering their senior year or recent graduate. The students will have completed at least one year of the ACE Mentor Program.

How

Students will be identified by the affiliate and introduced to the firm. Your current mentors can assist in the selection of your mentee. The firms can also conduct interviews.

What

Our request is that you hire the student for a minimum 80 hours at \$20/hour. Most firms do a 4-week program but the schedule is up to the firm. Reach out to your local affiliate for more details.

Please let us know if you are able to offer an experience for one of our students!
