

**ACE MENTOR PROGRAM**  
ARCHITECTURE • CONSTRUCTION • ENGINEERING

# BECOME AN ACE STUDENT

## FREE CAREER EXPLORATION:

- Project-based, hands-on learning driven by students and guided by mentors
- Visits to professional offices, job sites, & learning locations
- Opportunity to develop valuable life skills
- Connect with mentors from the design & construction industry *mentors are background checked*

## ENDLESS OPPORTUNITIES:

- Scholarships
- Paid externships
- Summer camps
- Construction site tours
- Team building and professional development
- Alumni support and networking
- Ongoing mentoring throughout high school & post-secondary education

## TREMENDOUS IMPACT:

- **97%** gained knowledge and skills not taught in their high school.
- **92%** learned how to work better with people whose background was different than their own.
- **89%** of students say ACE made them more motivated to attend college.
- **84%** feel that participating in ACE improved their chances of getting into college or a skilled trades program.
