ACE Exemplary School Champion Award

The ACE Mentor Program of America knows that it is the school champions who influence the students to join the program. Their dedication to the program deserves to be recognized. The ACE Mentor Program will honor all nominated School Champion with a national award for their service.

Schedule

- 11/3 - Submissions Open
- 1/30 - Submission Deadline
- 3/13 - Exemplary School Champions Announced

Eligibility

To be eligible, the nominee must have been involved with ACE for a minimum of one year, prior to the current year.

Nomination Process

An affiliate may nominate one School Champion. The chair or other senior affiliate leader must submit the nomination on behalf of the affiliate. Self-nominations are not allowed.

In addition to the information requested on the nomination form, an affiliate may submit a maximum of two examples (one page for each example) reflecting the range of the individuals' contributions (e.g., student recruitment and retention). In addition, affiliates have the option of including one letter from a nominee's current or former student.

Recognition

Submitted School Champion will be featured in ACE's Engineering News-Record Yearbook and ACE National social media campaigns. We also highly suggest that the affiliate recognize their school champion during their end of year program. National will write a letter to the school champions supervisor and they will be invited to attend an Educators Workshop hosted by the University of Nebraska.

The nomination forms, plus accompanying attachments, if any, should be completed by the submission due date. Please reach out to Monica Worheide mworheide@acementor.org, Director of National Programs with questions or concerns.
