MENTOR FAQ

1. I'M ALREADY AN ACE MENTOR FOR MY LOCAL AFFILIATE, CAN I STILL VOLUNTEER?

Absolutely! Existing ACE mentors can serve as ACE-TPP mentors. However, we encourage you to consider your own availability and want you to prioritize your local affiliate needs. We can't have ACE Alumni without great mentors serving at the high school level!

2. I'VE NEVER BEEN A MENTOR BEFORE, CAN I STILL VOLUNTEER?

Absolutely! If you've never been an ACE mentor, we will provide additional training and support.

3. WHAT WILL I DO WITH MY MENTEE AND MUCH TIME COMMITMENT IS THIS?

ACE-TPP is a more traditional one to one mentoring program, where mentors will check in with students, ask questions and provide support to students as they navigate their post-secondary academic careers. ACE will provide ongoing training and workshops as needed. The time commitment varies based on each mentoring relationship and student needs, but most mentors are averaging about 1-2 hours a month of their time, primarily connecting via virtual meetings, emails and text exchanges.

4. WHAT IF I NEED HELP RESPONDING TO A MENTEE'S REQUEST?

The time commitment varies based on each mentoring relationship and student needs, but most mentors are averaging about 1-2 hours a month of their time. There may be some months with more time requirements depending on student needs and program events, and other months with very little interaction

5. WHAT IS THE LONG TERM COMMITMENT?

The goal of the ACE-TPP is to support ACE Alumni during a 2 year structured mentoring experience. While formal mentoring supported by ACE National is 2 years, we hope mentors and mentees will build meaningful relationships and choose to stay in touch for the duration of a student's collegiate journey. ACE-TPP staff will work with mentors and mentees to address any situations that arise to impact the continuation of the relationship, including change of employment, personal availability and moving.
