ACE MENTOR PROGRAM
ARCHITECTURE • CONSTRUCTION • ENGINEERING

6TH ANNUAL DAY OF ACTION

October 16th, 2026

The ACE Mentor Program's Day of Action is a nationwide celebration held in October, bringing together students, mentors, alumni, and industry partners to highlight the program's impact. The day is about raising awareness of ACE's mission—introducing high school students to careers in architecture, construction, and engineering—while showcasing the life-changing opportunities created through mentorship, scholarships, and hands-on experience in the AEC industry.

Beyond awareness, Day of Action also drives engagement and support. Affiliates and partners across the country will participate through social media campaigns, student spotlights, community events, and fundraising efforts. It's a chance to amplify ACE's legacy of empowering more than **14,000 students, awarding over \$47 million in scholarships, and connecting future leaders with more than 5,000 mentors who make this work possible.**
